### Installation Guidelines

- *May be subject to Australian Building Code Regulations for height and location fixing and may be subject to placement as per architectural drawings. In all cases, this is the responsibility of the installer.*
1. Locate fixing position on the door and mark using mounting holes, ensuring plate is level.
  2. Drill holes and loosely secure unit to the door using appropriate screws.
  3. Check the unit is level and tighten screws to finish installation.

This product is AS1428.1 compliant (accessible compliant) when installed in accordance with the guidelines.
