

## ML800 Double Toilet Roll Dispenser

### Material Specifications

- #304 Stainless Steel Cabinet and Mechanism
- ABS Roller

### Mounting

- Surface Mount Semi Concealed Fix

### Dimensions

- 153mmW x 305mmH x 172mmD

### Finish

- Satin Stainless Steel

### Installation Guidelines

- *May be subject to Australian Building Code Regulations for height and location fixing and may be subject to placement as per architectural drawings. In all cases, this is the responsibility of the installer.*
1. Open up the unit and remove rollers from dispenser and to access mounting holes located at the rear of the unit.
  2. Locate fixing position in the wall and mark using the fixing holes on the rear of the toilet roll holder.
  3. Using screws and wall plugs provided, pre-screw the holes.
  4. On the perimeter of the toilet roll holder, place a suitable amount of an adhesive or high strength bonding agent.
  5. Loosely secure unit to wall surface using fixings.
  6. Level the unit, then push firmly so that it sits flush with the wall.
  7. Firmly screw the toilet roll holder into place and leave the adhesive to set for 24 hours before using.
  8. Replace the rollers in the unit to finish installation.

### Features

- Dispenses/Holds two rolls up to 135mmØ.
- Top roll drops automatically after bottom roll is used up.
- Unit fitted with tumbler lock.
