

MLR120 90° Grab Rail & Backrest Set

Material Specifications

- #304 Satin Stainless Steel Frame & Mounts

Set Includes

- MLR120LH_X or MLR120RH_X
- MLR119CMKII
- MLR_BR_350

Mounting

- Concealed Fix

Installation Guidelines

- *May be subject to Australian Building Code Regulations for height and location fixing and may be subject to placement as per architectural drawings. In all cases, this is the responsibility of the installer.*
- *Fixings and anchors are not included with the units and are the responsibility of the installer to appropriately fix the unit to the wall.*

1. Install backrest as per instructions for MLR119CMKII.
2. Install the MLR120 Rail and ML_BR_350 Rail by locating fixing position on wall or partition and mark using mounting holes.
3. Attach the MLR120 Rail and the ML_BR_350 to the MLR119CMKII Back Rest Set.
4. Mount the concealed mounting flanges to the wall using appropriate fixings (not supplied).
 - **Note:** For best results, mount the horizontal component of the unit first to ensure the unit is aligned correctly to the fixing points.
5. Slide covers over mounting flanges, ensuring the raised edges of the flange lines up with the dimples of the flange cover. Twist and lock into place.
6. Check the unit is level to finish installation.

Features

- Backrest Standoff: Adjustable depth to suit installation requirements

Safety Warning

- Ensure that there is proper structure support within the wall. Grab rails are no stronger than the anchors and walls to which they are attached. Grab rails must be firmly secured in
